Greg Siegle, PhD
Associate Professor, Department of Psychiatry
University of Pittsburgh School of Medicine

“Cognitive Neuroscience in the Psychiatry Clinic of the Future”

Educational Objectives:
1. Improve communication with patients regarding brain mechanisms commonly associated with depression
2. Improve understanding of the potential as well as possible pitfalls in using neuroscience to predict response to conventional treatments
3. Improve ability to target brain mechanisms of depression directly with novel interventions

Dr. Siegle directs the Program in Cognitive Affective Neuroscience (PICAN) at the University of Pittsburgh School of Medicine, where he is an Associate Professor of Psychiatry and Psychology. His research program examines neural substrates of emotional and cognitive information processing in mood and anxiety disorders throughout the lifespan, the extent to which this information can be used to...
predict response to validated treatments, and to guide novel treatment development. The ultimate goal of this work is routinely using insights and methods from cognitive neuroscience in the psychiatry clinic. Dr. Siegle’s research is funded by multiple NIH awards including R01s and collaborative centers. He has authored over 90 peer reviewed publications and 14 chapters in this area. Following his bachelor’s degree from Brown University in Cognitive Science, and master’s and Ph.D. degrees from the San Diego State University / University of California, San Diego Joint Doctoral Program in Clinical Psychology, Dr. Siegle completed a clinical internship at the Centre for Addiction and Mental Health in Toronto and an NIH post-doctoral fellowship in clinical cognitive neuroscience at the Western Psychiatric Institute and Clinic, where he remains as faculty.

ACCREDITATION STATEMENT
The Ohio State University Center for Continuing Medical Education (CCME) is accredited by the ACCME® to provide continuing medical education for physicians.

AMA CREDIT DESIGNATION STATEMENT
The Ohio State University Center for Continuing Medical Education designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The OSU Department of Psychiatry OPA-MCE (Ohio Psychological Association-Mandatory Continuing Education) Approved Provider #316025986 – 1 CE hour for each presentation.

The Ohio State University Department of Psychiatry is an approved provider of continuing professional education (CPE) for Counselors and Social Workers for the Ohio Counselor, Social Worker & Marriage and Family Therapist Board. Approved Provider # RCS090902
