Re: SmartCare Update Memo #6 – April 8 Update

This memo provides guidance regarding the KY22 rate schedules in SmartCare and changes to the encounter claims threshold for KY21.

KY22 Provider Procedure Codes and Rate Schedules in SmartCare

At the completion of the annual Agency Services Plan (ASP) and Budget process in December 2021, ADAMH Fiscal staff distributed approved budgets to each provider agency for contract year 2022 (KY22). The approved procedure codes, modifiers and updated rates for 2022 were included in the budget documents and also configured in SmartCare for billing of 2022 DOS claims.

As a follow up to the budget process, the Enterprise Services Team has sent an extract of the provider rate schedules as configured in SmartCare (in alignment with the provider budget) to the primary claims contact for each agency as a reference aid for EHR configuration and claims submission.

Questions regarding provider budgets should be sent to Mark Lambert, Senior Director of Finance, at mlambert@adamhfranklin.org and questions regarding procedure codes, claims or SmartCare configuration may be sent to the Enterprise Services Team by e-mail at shares@adamhfranklin.org.

KY21 Claims Encounter Claim Threshold

As noted elsewhere in ADAMH communications to provider CEOs and CFOs, ADAMH has adjusted the encounter claim thresholds for KY21 claims due to challenges posed by the pandemic, workforce retention, enterprise system transition and ADAMH business redesign in the last year. ADAMH will reduce the 2021 minimum encounter claim threshold from 80% to 60% for five System of Care (SOC) categories (Treatment, Crisis, Housing, Family Supports, Recovery Supports). Since the Prevention SOC investments were impacted by additional challenges (new prevention claiming framework in SmartCare), the 2021 minimum encounter claim threshold for this SOC will be reduced to 50%.

This action does not require action regarding 2021 claims submitted in SmartCare and does not impact 2022 claims or encounter claim thresholds. This adjustment will be reflected in the reconciliation schedules being prepared by ADAMH's Fiscal staff. If you have questions regarding the encounter claims threshold or the KY21 reconciliation process generally, please reach out to Mark Lambert, Senior Director of Finance, at mlambert@adamhfranklin.org.
